DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Vincent Sunderdick (Reg#. 29,004) on January 8th, 2004.

The application has been amended as follows:

Claim #32: delete the number [30] and insert 32.

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

Independent claim 30 is allowed over the prior art which does not disclose a machine tool having a combination of a shifting mechanism for shifting a second field magnet relative to a first field magnet in an axial and rotating directions depending upon a balance between a magnetic action force between a first field magnet and a second field magnet and a torque generated in a rotor, In which the rotor rotates in a forward direction when an electric motor is driven at a low speed for rotating driving a main shaft, and a shifting mechanism placing a magnetic pole centers of a first field magnet and a second field magnet in phase by balance of a magnetic action force between a

first field magnet and a second field magnet and torque that is generated within the rotor when the rotor rotates in a forward direction and placing magnetic pole centers of a first field magnet and a second field magnet out of a phase for reversal of a direction of the torque generated in a rotor when a rotor is rotating in a reverse direction.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
